

Sea Island Cares

Students were encouraged to share their passions, purpose, and dreams for the next step in their lives.

Dreamers Success Event

with Roberts Civil Engineering, Communities in Schools, and Sea Island

This past January, Sea Island partnered with Communities in Schools and Roberts Civil Engineering inviting 130 high school students from Brunswick High, Glynn Academy, and McIntosh County Academy to Sea Island for a day of fun and inspiration.

Leaders from the three organizations worked together to create team building challenges and source motivational speakers. The students also participated in an immersive introduction to the variety of job opportunities offered at Sea Island.

“Seeing the excitement from the students was amazing,” says Blake Kroll, Executive Assistant at Sea Island. “They were encouraged to shout, ‘Go big,’ any time something was said that strongly resonated with them. Hearing the chant ring out multiple times throughout the day was very inspiring.”

Following the success of the event, plans are already in place to hold it again in 2025. “We were thrilled to hear from our friends at Communities in Schools that the students found the event to be highly beneficial and that many of the students applied for upcoming seasonal positions at Sea Island,” states Kroll. “I can’t wait to see them at Sea Island soon.” If you’re ready to turn your career dreams into reality, we hope you will consider joining Sea Island.

For more information about Communities in Schools Glynn County and their mission to empower local youth, please visit cisofglynn.org.

Sea Island team members joined together to introduce students to the resort's many career paths.
