

The Golden Isles unites  
**UNDER ONE ROOF**  
 to address housing insecurity  
 throughout Glynn County.

**All For One.**

As a fund of the Communities of Coastal Georgia Foundation, **Under One Roof** supports organizations that serve as a vital safety net for individuals in Glynn County facing sudden housing loss due to catastrophic events or unexpected life changes. By providing housing alternatives swiftly, these partners prevent our most vulnerable neighbors from slipping into the trap of chronic homelessness. Additionally, Under One Roof:

Nearly half of Brunswick's households earn **less than \$25,000 per year**, leaving many residents teetering on the brink of housing insecurity.

**THERE IS \$10 MILLION AT STAKE. SUPPORT UNDER ONE ROOF!**

**Brent's Success Story:**

Brent's journey began in January 2022 when he joined the Saved By Grace program after financially struggling to manage home, car, and child support payments following an unexpected job loss.

Determined to rebuild his life, within a week he successfully secured employment at Worthy Pools and Spas, Inc. Brent quickly addressed overdue child support payments, often exceeding the required amounts.

After six months in the program, Brent secured permanent housing and joined Sea Island as a maintenance technician. His exemplary performance earned him the Enriching Lives award and the Employee of the Month accolade.

Brent's accomplishments reflect the profound impact of the Saved By Grace program. **Read more success stories like Brent's at [underoneroofglynn.com/initiatives](http://underoneroofglynn.com/initiatives).**
